

UNCHAIN YOUR LIMITS

THE
BELGIAN
DIAMOND

NANOX INTERNATIONAL was founded in 2007 established by experts carrying a long term expertise in the pharmaceutical field.

With the knowledge of a strong and specialized team the first 3 products were introduced in 2008 into the first 5 countries.

Today the range consist out of no less than 30 product references targeting the intensive sporter but also the consumer looking for a healthy lifestyle.

By now NANOX has a solid and reputed value in over 40 countries world wide and can be seen as a first class, premium product line, being manufactured in EUROPE.

All NANOX products are notified in the European Community and comply with the latest regulations on food and nutritional supplements as current in the EC.

NANOX undertakes on a regular basis complete quality audits of its production units assuring the application of full HACCP regulations and even meeting the strict GMP standards of pharmaceutical manufacturing.

All NANOX supplements are highly innovative and often backed up by serious clinical trials.

In contrast to many competitive brands, NANOX is not using cheap fillers and / or additives.

For its whey products NANOX offers the consumer a VOLAC quality assurance .

Enjoy the ride through Nanox product line and keep in mind that we keep on striving for high ideals , honest values, further expansion and nothing but top quality supplementation .

All the sporting best and with a smile ,
